PRIMARY BRINGS OUT VOTERS HERE IN RACE FOR CONGRESS

Republicans Vote Stronger in Maysville in Today's Primary Than They Have Ever Done Before—Dr. To Get Strong Endorsement.

Republicans of Kentucky are not much accustomed to a primary election and for this reason it is expected that the primary election being held in Mason county today as well as all of the other counties in the Ninth Congressional district will show a very light vote. Reports from the six precincts in the city of Maysville, however, are very encouraging as it appears that more Republicans have voted in this primary than in any other primary election ever held.

Although interest has been keen in campaign of Dr. W. S. Yazell, Mason county's candidate for the Congressional nomination, since his formal entrance in that race, interests in his behalf were redoubled this morning and his supporters came out loyally early in the day and a good vote for a Republican primary will have been cast in Maysville when the polls close at 4 o'clock this afternoon.

Reports reaching Maysville Friday evening from other counties in the district were very encouraging to Dr. Yazell's candidacy and it appears that he will come out tonight as a winner and if he does, he will have little trouble in carrying this section of the district. In the November election against W. J. Fields, the incumbent, Dr. Yazell's strongest support in the primary is expected to come from Mason, Lewis, Bracken, Harrison, Robertson and Lloyd counties and he is also expected to receive a good vote in the other counties of the district where the five other candidates for the nomination will cut up the vote considerably.

Every Republican in Maysville and Mason county should be certain to see that their vote counts. The polls close promptly at 4 o'clock this afternoon.

BRACKEN FARMER DROPS DEAD.

Eph Monahan, a well-known and respected farmer of Bracken, aged about 6 years, was found dead in a field near his home Tuesday morning. Heart trouble is attributed as cause of death.

Mr. Harry Sulser is again able to be out after being confined to his home in Limestone street for several days on account of illness.

MAURICE GALVIN SLATED AS MANAGER

Covington Man Likely To Be Chosen By Republicans as Manager of Campaign in November.

Louisville, Ky., August 7.—When the Republican State Central Committee meets here next Wednesday to select a campaign chairman to direct the activities of the Republican organization in Kentucky this fall Maurice L. Galvin, Covington (Ky.) attorney, will be chosen, it was indicated yesterday.

Galvin directed the contest for the Governorship in 1915 when A. O. Stanley defeated Edwin P. Morrow by a margin of a few hundred votes. Morrow declined to contest the election, although a number of his friends insisted that had he carried the election into the courts he would have been declared to be the winner.

Galvin has been in every political battle in Kentucky for the past two decades and it is predicted he will make the fight of his life to elect Richard P. Ernst to the United States Senate in November.

PENITENTIARY CONVICT ESCAPED FROM CAMP CAUGHT HERE

William Jones, Serving Time for Manslaughter, Escapes From Prison Camp and Is Captured Here by Chief of Police Ort.

William Jones, one of the three convicts who escaped early Thursday morning from a prison work camp near Sharpsburg, was captured near the County Infirmary on the C. & O. railroad at about 6 o'clock Friday evening by Chief of Police Harry A. Ort.

Earlier in the day Friday Chief Ort had been advised by telephone that three prisoners had escaped from Sharpsburg and it was supposed they had escaped jail but it later developed that these men were members of a gang of state penitentiary convicts who were working in a rock quarry near Sharpsburg and being confined in a temporary jail at night. The three men escaped from the temporary jail by sawing their way through the roof of the building just before daylight Thursday morning.

Jones says that he with the other two men came together as far as Tilton, Fleming county, when he came toward Maysville and the other two went in the direction of Mt. Sterling. He says he was endeavoring to get into the state of Ohio and had ridden from Flemingsburg to Maysville Friday afternoon late. He then took the C. & O. railroad and was walking east on that road when caught by Chief Ort.

The chief was riding east on a street car when he noticed the big black man walking along the railroad track. He asked the motorman to slow the car down and he dropped off the car directly in front of the convict. The man at first said his name was William Swan and that his home was in Cincinnati. The chief then told him his correct name and that he had escaped from the prison camp. With this the negro said: "You've got it on me Boss," and he then told the story. Jones was locked in the Mason county jail and the state penitentiary was notified.

Jones was sent to the state penitentiary from Danville, Boyle county, on January 26th, 1916, on a charge of manslaughter to serve a term of from 2 to 21 years.

Chief Ort received a telegram this morning from the Warden of the State Penitentiary ordering him to deliver Jones to the state institution and he will leave with his prisoner Monday morning for Frankfort.

TWO HORSES MEET FRIGHTFUL DEATH.

Last Sunday morning Will Garrison, who lives on the Stark Wheeler farm, on Mt. Olivet and Kenton town pike, found his valuable work mare dead, in a field, having, from all appearances, been gored to death. The entrails of the unfortunate animal were strewn about the field near where she lay. Another mare, having a young colt, and belonging to Henry Burns, of the same vicinity, was also found dead in the same field, having met death evidently in the same manner. — Mt. Olivet Tribune-Democrat.

GETTING THINGS READY FOR TEACHERS' INSTITUTE.

DON'T FORGET BAND MEET THIS EVENING.

All of those who are interested in getting into the new juvenile band should not forget to attend the meeting at the Caproni building this evening. THIRTEEN TAKE TESTS HERE TODAY.

There are thirteen applicants taking the county and state teachers' examination today, sixteen having taken it yesterday. It appears that there will be plenty of teachers to fill all of the vacancies in Mason county schools this year.

BIG STORM IN COUNTY.

A big storm visited certain parts of this county late Friday afternoon according to information reaching Maysville this morning. The storm seems the most severe in the Orangeburg and Lewisburg precincts. Some hail is reported although it did not do a great deal of damage to the growing crops.

BEAUTIFUL NEW DRUG STORE OPENED TO PUBLIC

Formal Opening of Peoples' Drug Store Held Today—Many Visited Pretty Store During Day.

The Peoples' Drug Company who recently purchased the Standard Drug Store in this city, formally opened their local store today and during all of the day many visited this, one of the prettiest retail drug stores in the state of Kentucky.

Mr. A. C. Lightfoot, is the new manager of the local store. He is a most obliging young man with extensive experience in prescription compounding and general store management.

For several days workmen have been engaged in putting this store in first class condition in every respect. It has always been one of the most beautiful store rooms in Maysville but with the additional touches put on it during the past few weeks, it is now unexcelled in beauty anywhere in the whole state.

As the local store is only one link in a chain of stores throughout the state it is expected that exceptional opportunities will be offered patrons of the store as through co-operative buying the store will be enabled to obtain bargains and always have on hand a complete line of the freshest of drugs.

Those who visited the store today were very much pleased and there is no doubt but that it will be extensively patronized.

HAIL DOES MUCH DAMAGE THROUGHOUT COUNTY.

Reports reached Maysville this morning that a damaging storm visited the Lewisburg and Orangeburg sections of this county last night. Hail fell in these sections and considerable damage to tobacco and corn was done on the farms of Dudley Hall, Charles Owens, A. K. Marshall, Carl Hendrix, Wood Brumel and Ab Brumel. Some tobacco patches were reported as being almost ruined by the hail.

GOOD NEWS IF TRUE; PRICES GOING DOWN EXPERTS SAY

General Reduction in the Cost of Food and Clothing Is Predicted By Government Experts.

Washington, August 7. — A general reduction in retail prices of foods and clothing is forecast for this fall, by Government price experts here.

Economic conditions now seem to indicate war inflation is subsiding. Wholesale prices dropped to an average of slightly more than one percent in the past thirty days. Labor Department reports showed today.

Meats, fish and vegetables now are stored in quantities far greater than one year ago, Agriculture Department surveys show.

Bumper crops of wheat and other cereals are in prospect, in fact, are partially harvested in the Southwest and farm labor is plentiful except in a few sections.

Luxury tax receipts are falling off, showing the stampede has stopped at stores selling luxuries, including automobiles, diamonds and extravagant clothing.

Diamond importations have dropped off more than 25 per cent.

Candy merchants all over the United States now are complaining of a dropping off of business.

The one pessimistic note in the situation is the effect the railroad rate increases may have. A number of officials, including economic expert, J. E. Weatherly, of the Justice Department, hold the new rate will increase living costs. The increase will be at least three times the additional cost of transportation, or about \$4,500,000, according to Weatherly. If Weatherly and his associates are right the present trend toward lower prices may be completely neutralized.

ANOTHER MAYSVILLE SOLDIER IS BROUGHT HOME.

Mrs. Mary Dunn, of this city, has been advised by the War Department that the body of her son, Private James Dunn, who died in Germany, had arrived in New York and would be brought to this city for burial. This will be the third Mason county soldier to be returned from overseas.

ALLIED CHIEFS TO HOLD CONFERENCE THIS EVENING

Agreement To Help Stricken Poland May Be Reached at Tonight's Meeting.

London, August 7. — Premier Millerand of France and Marshal Foch are expected to arrive at Hythe, England, this evening, for a conference with Premier Lloyd George and Field Marshal Wilson on emergency measures against the Bolshevik armica in Poland and Persia. It is rumored here that a message from Bainbridge Colby, the American Secretary of State, sent following yesterday's conference with President Wilson, has been received by Lloyd George.

Military aid for Poland, consisting of one or two divisions each from France, Great Britain, Rumania, Latvia, and possibly other nations, is one of the emergency measures to be discussed by the premiers. This plan, as well as other measures, has been recommended by the French and British missions at Warsaw. It is proposed that these reinforcements take field to defend the capital of Poland.

The sudden appearance of the Soviet armies outside Teheran, the capital of Persia, is threatening to change the entire face of the European situation, as it is considered a direct challenge to British and French supremacy in Asia. John L. Caldwell, the American minister to Persia, has received permission to remove the American legation from Teheran.

Unconfirmed reports from East Prussian sources state that the Polish government already has been removed to Posen, and that the Russian advance guards are entering the outskirts of Warsaw.

BRING BACK BARRY SAYS PASQUALE.

Philadelphia, August 7. — The person who has 13-months-old Blakely Coughlin in her custody has until 4 o'clock this afternoon to return him to his parents, or Augusto Pasquale, held as accomplice in the kidnapping, says he will tell all he knows. "I can't stand this much longer," said Pasquale, almost a nervous wreck from constant grilling by the police.

Bess Haley was before Judge Whitaker again in Police Court this afternoon on a charge of being drunk. Upon her promise to behave better she was released.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts through the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

THE AMERICAN RED CROSS.
Public Health Nursing.

In the midst of its multifarious war duties the American Red Cross did not neglect its obligations to the civilian population at home. Throughout the conflict it maintained its Bureau of Public Health Nursing, instruction in first aid, home nursing and sanitation, and disaster relief. Particularly in their work for the babies was effort by public health nurses important. The accompanying photograph shows a Red Cross public health nurse instructing a mother in the proper preparation of the baby's diet.

STATE ASSESSMENT
SHOWS BIG DECREASE.

Frankfort, Ky., August 5. — Kentucky's total assessed value of property for this year is \$1,774,381,425, a falling off of \$13,700,052 as compared with last year. There is an increase of \$77,975,416 in lands, mineral rights, town lots and improvements. The decrease is due largely to the fact that the Lilly Frazier Bingham estate last year was assessed at \$103,000,000 and this year at \$89,299,948.

TO LOCATE IN IOWA.

The following is from the Bracken Chronicle: "Prof. T. J. Curry, one of the best known instructors of this section, has been elected to the superintendency of the public schools at Ware, Iowa. This is a most modern school of eight departments with up-to-date equipment and conveniences. Prof. Curry had charge of the Dover schools last year."

SUNDAY SCHOOL LESSON
AUGUST 8, 1920.

Topic: Friendship. 1 Samuel 20:14-16; 2 Samuel 9:1-7.

REV. J. J. DICKEY.

Our lesson today is a concrete example of pure friendship. David had become established as king over the twelve tribes of Israel with Jerusalem as his capital. He inquired if there were any of the descendants of King Saul to whom he might show "the kindness of the Lord." He was told of a grandson of Saul, a son of Jonathan his dear friend. He was a lame man, having been crippled when he was five years old. He called for Ziba and told him to go to Lodebar, where this man lived—his name was Mephibosheth—and bring him to his palace where he should live the rest of his life, eat at his table and enjoy all the honors of a king's son. In addition to this, he would restore to him all of his grandfather's estates so that he could live like a prince. This was the fulfillment of a pledge that he had made to Jonathan. Friendship has been called the master passion. It is stronger than love. It is unselfish. True friendship exists for the benefit of the other. Love demands a return. Our friendship is based on the virtues of our friend. We admire and reverence our friends. But it is of the practical working of friendships that we wish to speak.

Some of the greatest achievements of mankind are the results of friendship. It so increases one's power as to double his strength. George Washington and Alexander Hamilton were bound together by the strongest bonds of friendship. Neither could have accomplished what he did without the other. The liberty of Athens was the result of the friendship of two men. One was outraged by tyranny and the other coming to his defense started a rebellion that rid Athens of tyranny and gave her a free government. Their names were Harmodius and Aristogiton. It was the friendship of Lucius Junius Brutus for Lartius Collatinus that gave liberty to Rome. It was the friendship of John Hampden, Sir John Elliot and John Pym that made a triple alliance that shook the foundations of tyranny in England and prepared the way for the revolution of Cromwell. It was the friendship of Essex and others for Francis Bacon that made him the father of experimental philosophy and linked his name with immortality. Socrates and Plato were intimate friends and this friendship gave a power to both that they never could have gained alone. John Locke was the product of friendship. His great contribution to human knowledge was the result of a coterie of admiring friends whose aid and confidence inspired his noble efforts.

Similar instances innumerable might be sighted. But friendship cemented by Christianity furnish the noblest specimens. The religion of Jesus Christ has the transforming power of making men capable of the strongest friendships. This is its glory. He who would be a true friend to men should first become the friend of God.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoman. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

"Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way. Ask your druggist for a package today. Insist on Theodor's. NC-139"

GEORGE BURBA DEAD.

George Burba, editor of the Columbus, (Ohio) Dispatch, died very suddenly at his home in Columbus Friday evening. Burba was a native of Ilogeneville, Ky., and for many years edited a newspaper there. He later became editor of Governor Cox's newspapers at Dayton and Springfield, Ohio, and was the Governor's private secretary during his first term. Mr. Burba was a naturalist and a great lover of children. His editorials on childhood and nature were extensively copied over the world.

Rev. T. B. Stratton, of Covington, preached this morning to the edification and blessing of a large crowd. Bro. Stratton has many friends hereabouts having served the local circuit in his early ministry. Many of his former parishioners availed themselves of the opportunity to hear their old pastor again. Bro. Stratton was obliged to leave immediately after the service in response to a long distance call to the bedside of one of his members who lies near death.

Evangelist Humble preached his final sermon this evening to the largest audience of the campmeeting. It was another of his most powerful appeals for men and women to give themselves to Christ. It is with much regret that the camp parts with Bro. Humble at this stage of the meetings. Never has the camp had a more popular or better-liked evangelist. His strong personality, his congeniality and his great love for the souls of men and earnest desire for their spiritual welfare has endeared him to everyone here. Calls for him to come again next year as evangelist are all ready being made. We are sure that the Board could make no more popular choice.

Rev. Harrop conducted a wonderfully fine young people's meeting this afternoon. These services get better each day. Tomorrow, the final, Rev. Harrop is to give us a talk on some things about Kentucky. With his wonderful experience throughout the mountain section of South Eastern Kentucky, and his attractive way of telling it, we are sure of a great treat. And he will have a crowd to hear him.

After a long trip from New York city to Ruggles campgrounds, Bro. Literal was routed from bed early this morning to conduct the early prayer service. This was the final act of the Davenport administration as superintendent of the campmeeting, and the way he had of getting even with Bro. Literal for being so tardy to arrive and assume charge of his share of the meetings. But Bro. Literal was equal to the occasion, was up with the lark, and had a fine prayer meeting.

Mr. and Mrs. J. W. Lee, Mr. and Mrs. Harry L. Walsh motored for the day, spending it very pleasantly with friends and enjoying the meetings.

Mrs. Wm. Wells and Mrs. Belle Smith spent the day in camp.

Rev. W. H. Davenport left this morning to meet his Sunday appointment. To his excellent superintendency the campmeeting owes much of its present success.

On last Wednesday Mrs. D. C. Knight, on her way from Maysville to the campgrounds lost a coat, color 'midnight blue,' a part to a ladies' suit. If the finder will return it to the campgrounds or to Mrs. Knight in Maysville their kindness will be greatly appreciated.

To the sincere regret of all the girls in the camp Harry Markwell took his departure this afternoon. Glad you came, Harry. Keep young and come again.

Miss Esaucean Traxel returned to Maysville this morning after a happy vacation at our camp.

Mrs. Virginia Carpenter and daughter, Mrs. Jasper Tucker, spent the day with relatives in the Kentucky Home today.

Only one more week day and then the last Sunday—the big day of the campmeeting. How rapidly the days have past. It seems but yesterday that the campers were moving in. Every one is saying "It's the best ever," and we will surely be here next year.

There are yet three vacancies in the Maysville Public Schools, all of which Superintendent Caplinger hopes to fill within a short time.

RUGGLES CAMP

(By J. H. RICHARDSON.)

Ruggles Campgrounds, August 6. Brief mention was made yesterday of the "marshmallow toast" party the young folks had. It was a great time for the youngsters—and some old ones, too. About 11 p. m. those of the campers who had retired were aroused by the most terrific noise in the direction of Northcott avenue. A sure enough charivari was on in full blast at the Williams cottage. Mr. and Mrs. Ralph Keith had arrived in the camp during the day having just returned from their wedding tour. Mrs. Keith, better known to our campers as Miss Alma Williams, has a wide acquaintance among the younger set and when they learned that she had returned from her wedding trip they at once decided to pay the happy couple the compliment of a nice serenade. After the noisy part of the demonstration was over some songs were sung, the bride and groom appeared, the customary greetings were exchanged and the crowd dispersed to their cottages.

The camp was made glad this morning by the arrival of two big preachers — big physically as well as intellectually. Revs. E. R. Overley, of Newport, and A. P. Smith, of West Union, Ohio. Both are prime favorites with Ruggles' campers. Saturday morning we are to hear both, Rev. Overley in the early prayer service and Rev. Smith at the morning preaching service.

Rev. T. B. Stratton, of Covington, preached this morning to the edification and blessing of a large crowd. Bro. Stratton has many friends hereabouts having served the local circuit in his early ministry. Many of his former parishioners availed themselves of the opportunity to hear their old pastor again. Bro.
